

# Head of Software Engineering (f/m/d)

Full time/part time

 Location Wetzlar/Huettenberg

 Permanent position

 as of now

**Are you passionate about the latest IT trends? Do you enjoy implementing them and sharing your knowledge with others?**

**Then join our team!**

## Your responsibilities

- Testing, selecting and rolling out new technologies and methods in software development;
- Long-term development and transfer of software engineering knowledge within the company, as well as supporting software developers in their professional development;
- Drawing up guidelines and standards to increase the efficiency of software development;
- Developing complex application systems based on C#.NET with Microsoft Visual Studio;
- Creating and maintaining technical concepts and software and system architectures in development projects.

## Your profile

- Graduate in (business) computer science, software engineering, mathematics or comparable qualifications;
- Several years of professional experience in the field of software development;
- Programming and technology expertise in the area of Microsoft .NET and C#, as well as modern web technologies;
- Strong communication skills plus an analytical and concentrated approach to work;
- Good command of English.

We look forward to receiving your complete application documents, including your earliest possible starting date and salary expectations by email to: [personal@mbi.de](mailto:personal@mbi.de).
