Software Developer / Full Stack Developer (m/f/d)

⚐ Wetzlar/Huettenberg   ▯ Full-time (35 h) / Part-time   📅 Starting now

Are you passionate about software development and seeking a new professional challenge in an appreciative and fair working environment?
Then join our team as a Software Developer / Full Stack Developer.

Your responsibilities

- Developing complex application systems based on the .NET 6 and Kubernetes modern web technologies
- Designing and developing database models for object-oriented systems
- Deploying, commissioning and providing support for the software
- Developing and optimising technologies and methods used in software development
- Collaboration in a motivated team of developers using agile methods

Your profile

- Graduate in computer science or a comparable field of study
- Confident in developing software with an object-oriented programming language
- Experienced in using software design patterns
- Preferably development experience with C#, ASP.NET Core, Entity Framework Core, Angular and CSS3
- Knowledge of a relational database (ideally Microsoft SQL Server)
- Independent working style and analytical skills

We look forward to receiving your complete application documents, including your earliest possible starting date and salary expectations by email to: personal@mbi.de. We assure you that we will treat your application in confidence.
