

# Software technology

Cooperative degree apprenticeship programme StudiumPlus

 Location Wetzlar/Huettenberg

 StudiumPlus

 from 01.08.2022

**Would you like to start an IT degree course and put your theoretical knowledge into practice? Are you passionate about the latest IT trends?  
Then join our team!**

## Your responsibilities

- Support in testing, selecting and implementing new technologies and methods in software development.
- Drawing up guidelines and standards to increase the efficiency of software development.
- Cooperation in the development of application systems based on C#/.NET with Microsoft Visual Studio.
- Creating and maintaining technical concepts and software and system architectures in development projects.

## Your profile

- A good general or specialised higher education entrance qualification or entrance qualification for universities of applied sciences.
- Analytical, structured and conscientious approach to work.
- Interest in information technology topics and contexts.
- Good command of English.
- Proactive and willing to assume responsibility.
- Ability to work in a team and good communication skills.

We look forward to receiving your complete application documents, including your earliest possible starting date and salary expectations by email to: [personal@mbi.de](mailto:personal@mbi.de).
