

Student trainee software development (m/f/d)

 Wetzlar/Huettenberg  Student position  Starting now

Are you passionate about developing software applications?
Would you like to gain practical experience in challenging projects?
Then join our team as an Undergraduate software developer

Your responsibilities

- Developing complex application systems based on the .NET 6 and Kubernetes modern web technologies
- Designing and developing database models for object-oriented systems
- Collaboration in a motivated team of developers using agile methods

Your profile

- Currently studying computer science or a comparable course of study
- Proactive with a structured approach to work
- Reliable and able to work in a team
- Good analytical skills

We look forward to receiving your complete application documents, including your earliest possible starting date by email to: personal@mbi.de. We assure you that we will treat your application in confidence.
